Pursuing Bachelor of Engineering in Computer Science and Engineering with a solid foundation in programming languages including Java, Python And C. Having A Proficiency In Data Structure And Algorithm. Always Interested In Learning New Technologies Which Will be Beneficial For Me.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering

Prof. Ram Meghe Institute of Technology and research

Aug 2021 - Jan 2025

GPA: 7.24

HSC

Oasis International School

Jun 2019 - April 2021

GPA: 88.50 %

SSC

Hyacinth's Little Flower High School

Jun 2018 - April 2019

GPA: 79.65 %

SKILLS

Soft Skills: Communication Skills, Problem Solving, Critical thinking, Collaboration and teamwork, Storytelling with data, Presentation skills, Adaptability

Technical Skills: Java, Python, C , Machine Learning , Cyber Security , Html , CSS

Developer Tools : VS Code , Jupyter , Spyder

WORK EXPERIENCE

AI-ML Intern 2024

Apr 2024 - Jun

Eduskills Foundation

India

Completed 10 weeks Internship in Artificial Intelligence and machine Learning from Eduskills foundation platform collaborated with National Educational Alliance For Technology(N.E.A.T) and All India Council for Technical Education.

- Created machine learning models to analyze educational data.
- Deployed AI algorithms to enhance student engagement platforms.
- Worked with cross-functional teams to integrate AI solutions into educational tools.

PROJECTS

Student Rent Management System Using Python

A student rent management system is a platform that allows users to manage and track rental properties, including apartments, houses, and rooms. The Student Rent Management System is a Python-based application designed to manage rent payments and records for students living in rental accommodations. The system allows administrators to manage student information, rent payments, and generate reports.

Online Quiz Competition Using Java

The Student Rent Management System is a Python-based application designed to manage rent payments and records for students living in rental accommodations. The system allows administrators to manage student information, rent payments, and generate reports.

CERTIFICATIONS

Cyber Security By tech Mahindra

Introduction To Python By CareerNinja

Java + Data Structure And Algorithm

HOBBIES

Music Production , Reading , Bike Riding , Volleyball , Kabaddi
